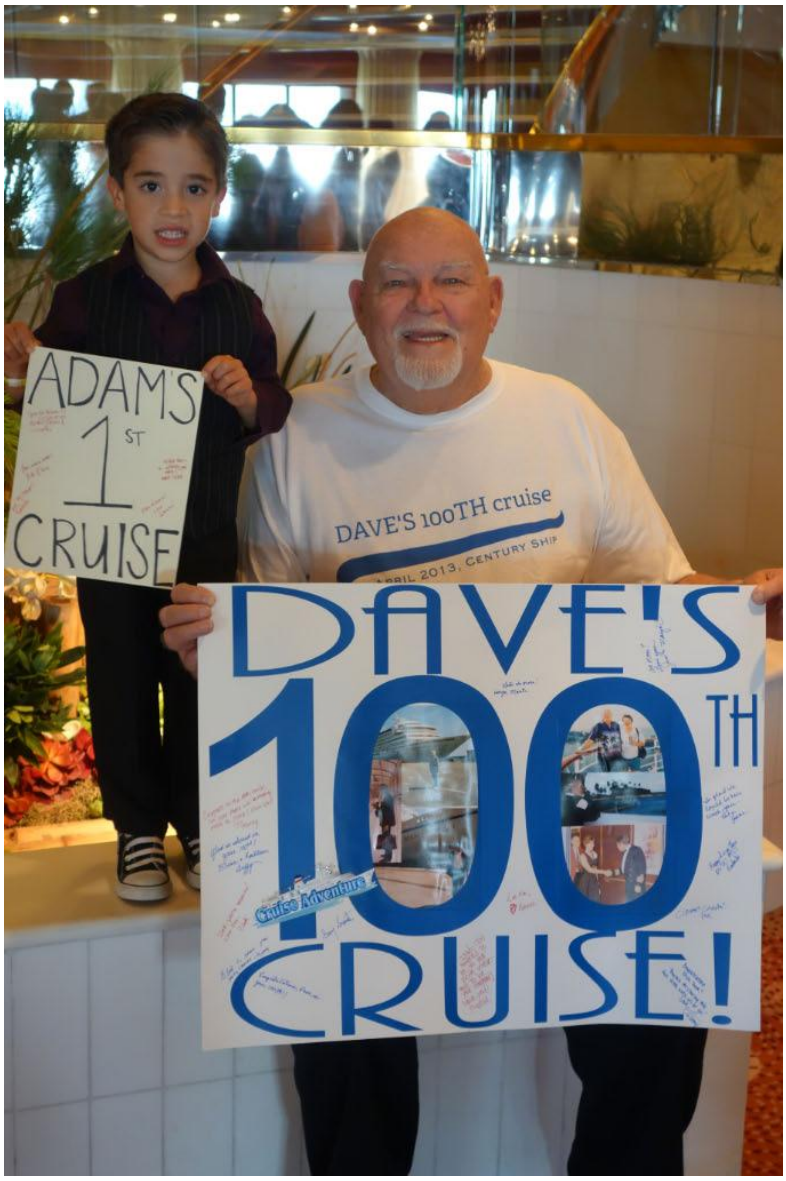
A SURPRISE SUMMER START!

A leisurely motor home trip this summer was on the drawing board, but how quickly things change!

It became apparent that my number 100 cruise had to be taken. Celebrity Cruises announced a new spring coastal cruise from San Diego to San Francisco, Santa Barbara, Ensenada, San Diego, aboard the Century. What an appropriate name!



With no flying involved and being a short 5 night cruise, and only driving to San Diego, many family members wanted to go along. We ended up with 13 cabins, and even got Bonnie to go providing we had a wheelchair for her.

Then in March, Bonnie got sick and went into the hospital where they found she had pneumonia! She recovered nicely and was able to cruise.

The weather was beautiful all 5 days and the seas were calm when sailing.

Everyone enjoyed the ports of call and shipboard activities. The ship was the oldest in the Celebrity fleet, but it was a good trade-off for not flying anyplace. We had sailed on her in 1997!

Our thoughts must now focus on our upcoming motor home trip to Alaska.

Dave & Bonnie
