

## SEATTLE IS COOL!

While in Seattle, the news from home indicated that our son-in law, Bruce (Vicki's husband), was not doing too well. He has been diagnosed with liver cancer for over a year now. Bonnie felt that she had to go home to support Vicki, who had taken a leave of absence from work to be with him, and she flew from Seattle. I continued on to La Conner WA to stay for a couple of weeks in a Thousand Trails Preserve. Our traveling companions, the Lowry's, continued on to Alaska.

It is now the end of the two-week period and yesterday Bonnie called and told me that Bruce had passed away. I am going to put the rig in storage this afternoon and fly home for a couple of weeks.

Seattle and La Conner have been cool, and in fact I have had to turn on the heater in the mornings to take the chill off! Compare this with the 100+ temperatures down south!

If we had to wait anywhere, this area is the place to do it. The camp is right on the Puget Sound waters and is beautiful.

We will resume the trip journals in a couple of weeks when we continue on to Alaska.

Dave & Bonnie
