## **IN CANADA WE ARE, EH!**

**Nine nights in La Conner TT makes us feel like we are WA citizens! I even bought fresh mussels for \$5.75/lb and fixed them for dinner myself. What a life!**

**On we moved for three nights at Birch Bay TT. It was very crowded for the upcoming Labor Day weekend. Birch Bay is a charming little community of about 5,000**

**souls situated along the waterfront of Puget Sound. The many Condos and hotels and rentals ensure this place will be a perpetual vacation spot.**

**We had to leave here because of their Labor Day bookings, so we headed to Canada where they don't have a Labor Day. The border crossing only took 38 minutes, and now we are in the TT Cultus Lake preserve for 4 nights. We were greeted in the afternoon by a heavy rainstorm. Washed the car and the rig off very well. The park is occupied by 99% Canadians, oh well, we are in Canada, eh.**

**We will be in Canada until we drop down into Idaho.**

**Dave & Bonnie**
