## FINALLY THE BIG ALCAN HIGHWAY!

**W**e left Lake Moberly this AM and drove 30 miles to the Bennett Dam and Powerhouse on the Peace river. We all went on a very interesting tour 500 feet under the dam top.

Had lunch there and then left for the junction of the Alcan and Hwy 29.

Finally we get to see the Alcan Highway. So far it is better than some Calif roads. We had a few sections of repair and smooth dirt. It may not get worse

than this, but then again , it may.

We drove a total of 200 miles today, and are staying in Buckingham Lake Provincial Park

**BIRDS, BEES, BEARS, TREES!!**

**PARADISE..LOOK YOU IDIOT, IT'S HERE!, YOU'RE IN IT!**

**T**here are so far miles and miles of nothing but miles and miles. Beautiful scenery but how much can you stand!

After calling home to you

all, we proceeded to the campsite and had cocktails with the everpresent mosquitos.

Tomorrow we plan on leaving here early so we can make our 200+ and get a campsite early.

**THE MOSQUITOS HERE ARE BIG!!**
